Our Financial/Insurance Policy

Welcome to the Venus Vein Center. In our effort to provide you with exceptional care and service, we would like to make you aware of our financial policy. We hope this information will answer any questions that you may have regarding cost and coverage of the services we provide.

Your Insurance:

We are currently participating with numerous insurance companies and we will bill those plans with which we have an agreement. However, co-payments and/or deductibles are the responsibility of the patient and you will be required to pay them at the time of service.

If you have insurance coverage with a plan we do not have a prior agreement with, then you will be responsible for payment in full at the time of service. We will, however, submit a claim to your carrier for your reimbursement. In the event your health plan determines a service to be "not covered", you will be responsible for the complete charge. Payment is due upon receipt of a statement from our office.

Self Pay\Cosmetic Only Procedures:

We expect payment at the time of treatment for patients who have no insurance or if patients are undergoing the laser vein ablation strictly for cosmetic reasons. We will do our best to give you an estimate of the charges prior to your visit. An arrangement will then be set up regarding payments so your balance is paid in full by your scheduled procedure date. Please ask to speak with a billing specialist for payment plan options.

Returned Checks:

A fee of \$25.00 will be charged on any checks returned by the bank for insufficient funds.

By my signature below, I acknowledge my understanding of all points in your financial policy.
